

Plan for organising breaktimes at Novaschool centres

- There will be a staggered breaktimes schedule for the different educational stages to provide all students with the opportunity to go outside, using different areas of the school playgrounds.
- There will be an adequate number of teachers to meet the organisation needs of breaktimes and to ensure the rules established by the centre can be met.
- Students must maintain social distance when playing and respect the new procedures for health and safety.
- Play in small groups will be encouraged, trying to minimize contact with other large groups.
- If deemed necessary, depending on the centre, different time slots will be available for breaktimes, for the enjoyment of breaktimes with wide spaces and to minimize contact with other groups.
- It will not be possible to use the children's outdoor games until the authorities allow it.
- All the equipment and / or furniture of the outdoor play areas will be thoroughly cleaned before and after each breaktime.
