

***Organisational plan for carrying out extracurricular activities***

- The distribution of the groups will be done in accordance with the norms of social distance and security set by the authorities at that time.
- Students will use the same table and chair in curricular activities carried out in a classroom.
- Classes with the largest available surface will be selected according to the volume of students per group.
- Whenever the activity and the meteorological conditions allow it, it will be considered to carry out the activity outdoors.
- All the general procedures previously established regarding cleaning, maintenance.
